Address 11, Sageun 1-gil, Deokjin-gu, Jeonju-si, Jeonbuk-do

PROJECT

Personal Website Development Apr 2025 – May 2025

- Developed a personal website using HTML and CSS to introduce myself
- Created content introducing my interests such as baseball, games, and dramas, as well as my major field of study
- Implemented image and table features to organize photos and content

Mini File Explorer Development Sep 2025 – Oct 2025

- Developed a file explorer that runs in a Linux terminal environment
- Implemented functionalities such as directory listing, file attribute checking, and link creation using Linux system calls
- Reimplemented commonly used Linux commands such as ls, cd, and link to gain a code-level understanding of Linux commands

Mini Shell Development Oct 2025 – Nov 2025

- Developed core functionalities of a Linux shell that operates in a terminal
- Implemented Linux command execution using process creation and management functions (fork(), exec())
- Implemented input/output redirection and background process handling commonly used in shells

EDUCATION

Mar 2022 – Present	JBNU B.S.of CS & AI	3.68 / 4.5
Mar 2019 - Feb 2021	Useok High School	Graduated

CERTIFICATIONS

Driver's License	Aug 2022	Jeonbuk Provincial Police Agency
Mathematics Level 1	Jun 2022	JBNU
Mathematics Level 2	Dec 2022	JBNU

EXPERIENCE

STI WNU Student Intern Jan 2026 – Present

SKILLS

Programming Languages: C, C++

Operating Systems: Linux

Web Technologies: HTML, CSS
